Installation Steps

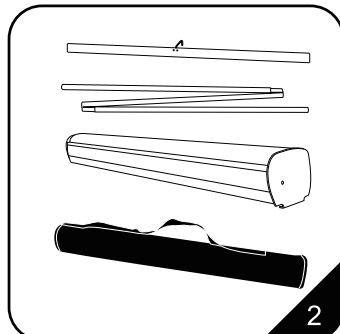

Modern design, reliable performance, and versatile configurations.
Optional accessories include carrying bags and LED display lights.

1. Size Information

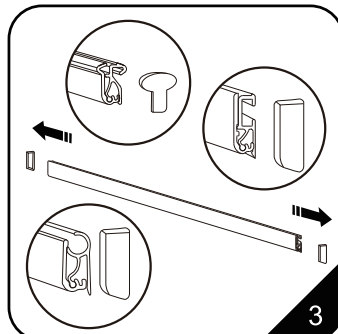

The overall width of the stand is 33.5 in or 39.4 in, the height is 84.6 in, and the visible graphic height is 78.7 in.

! The sizes shown in this manual are for reference only. Prepare the graphic according to the actual size you purchased.

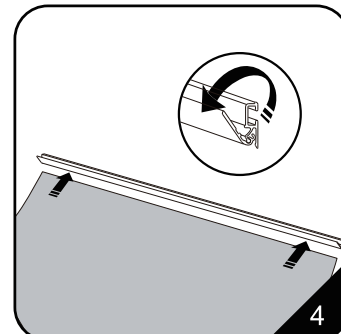

2. Package Contents

The package includes:
A. Top bar B. 3-piece pole
C. Base unit D. Carrying bag

3. Top Bar Preparation

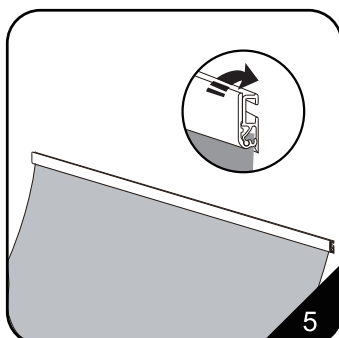

Remove the plastic end caps from the top clip bar.

4. Insert Graphic

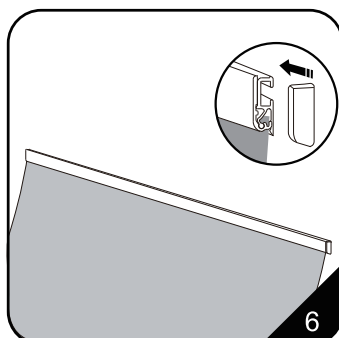

Open the top clip bar, then insert the top edge of the graphic.

! The graphic thickness should be 0.008 in–0.016 in. For thin materials, double-layer graphics are recommended.

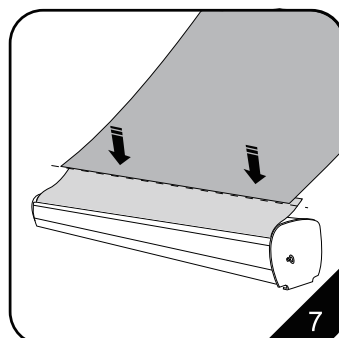

5. Secure Top Edge

Close the clip bar lips to secure the graphic.

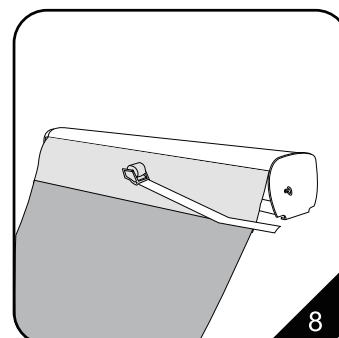

6. Reattach End Caps

Finish the top by reattaching the plastic end caps.

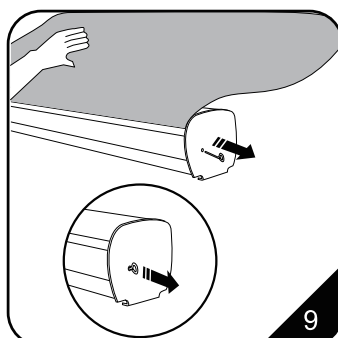

7. Attach Graphic to Base

Peel off the adhesive paper along the edge of the base's leader roll and attach the bottom of the graphic. Make sure the graphic is straight.

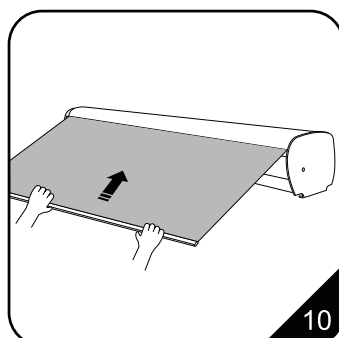

8. Reinforce Attachment

Secure the graphic to the leader roll with clear adhesive tape at least 1.6 in wide on both sides.

9. Release the Tension

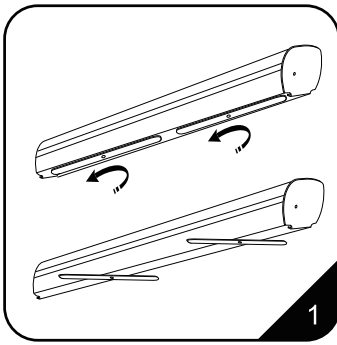

Hold the graphic firmly, then carefully pull the pin.

10. Retract Graphic

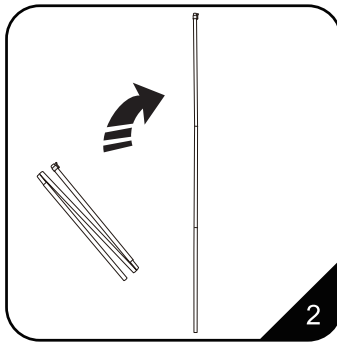

Carefully allow the graphic to retract into the base unit.

Installation Steps

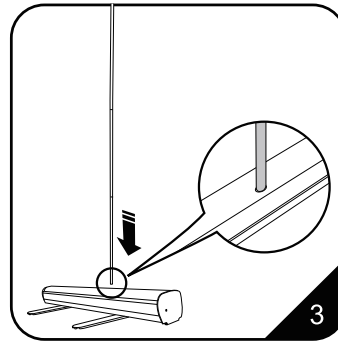

11. Adjust Base Feet

Rotate the two base feet 90°. Make sure the graphic is straight.

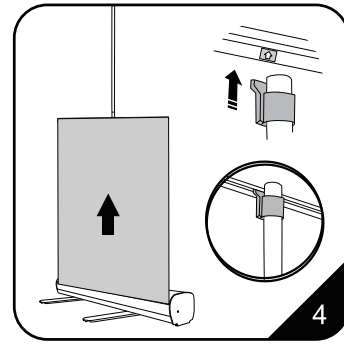

12. Pole Orientation

The hooked end connects to the top bar, and the rounded end inserts into the base.

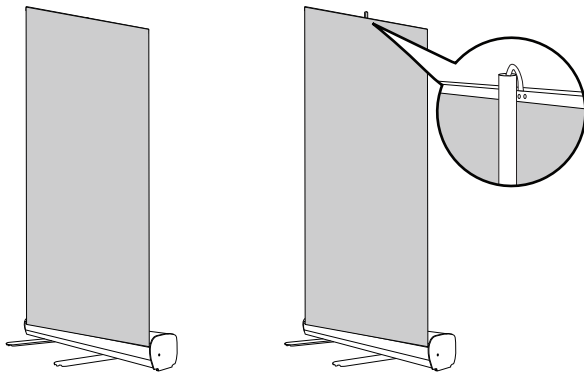

13. Insert Pole

Insert the assembled pole into the hole on the base.

14. Final Setup

Hold the pole firmly and pull the graphic up from the base unit. Insert the hook at the top of the pole into the rear slot of the top bar.
